Friday 13th October 2023

Dear Parents and Carers,

RE: Technola Computing Club

Through stimulating and challenging experiences, our children develop their love of learning to become confident and independent when using computing, leaving a positive digital footprint.

We are pleased to offer pupils the opportunity to take part in our Computing Club taster sessions which will be led by a specialist teacher from Technola. All sessions are taught through enjoyment and participation and aim to build on children's computing knowledge, technical skills and confidence.

The Computing Club taster sessions will run after school from **3.30pm until 4.20pm** starting from Tuesday **31st October until Thursday 21st December**. Places are limited and will be on a first-come first-serve basis. The cost of the session is **£1 per session** and must be booked as a full half-term course.

- KS1: **Doodle World** - Tuesday from 3.30pm until 4.20pm.

- KS2: **Minecraft** - Thursday from 3.30pm until 4.20pm.

Please complete the form below asap and return it to school no later than **Tuesday 17th October**. You will be notified by **Wednesday 18th October** if your child has secured a place. If your child does not attend a session after being allocated a place and we are unaware of extenuating circumstances, or if your child is collected after 4.25pm then they will lose their place on the session.

Yours sincerely

Miss B Wylie
Computing Lead
