

Monday 18th December 2023

Dear Parents and Carers,

RE: Technola Computing Club

Through stimulating and challenging experiences, our children develop their love of learning to become confident and independent when using computing, leaving a positive digital footprint.

We are pleased to offer pupils the opportunity to take part in our Computing Club sessions which will be led by a specialist teacher from Technola. All sessions are taught through enjoyment and participation and aim to build on children's computing knowledge, technical skills and confidence.

The Computing Club sessions will run after school from **3.30pm until 4.20pm** starting from **Wednesday 10th January until Thursday 15th February**. Places are limited and will be on a first-come first-serve basis. The cost of the session is **£2 per session** and must be booked as a full half-term course.

- KS1: Technola tapas - Wednesday from 3.30pm until 4.20pm.
- KS2: Robot Olympics - Thursday from 3.30pm until 4.20pm.

Please complete the form below as soon as possible and return it to school no later than **Thursday 21st December**. You will be notified by **Friday 22nd December** if your child has secured a place. All payments must be made on the day of notification. If your child does not attend a session after being allocated a place and we are unaware of extenuating circumstances, or if your child is collected after 4.25pm then they will lose their place on the session.

Yours sincerely

Miss B Wylie
Computing Lead
